Do you have a group coming to town? A family reunion possibly? How about a company function and you're searching for something to do during down time or as a team-building experience? We can help by offering a walking history or twisted history tour of Port Townsend for your group.

Our standard tour times are 8 pm and 10 pm, but if those times do not work, we can customize a time that fits best with your group's itinerary. Just contact us. If your group is staying at a local hotel in the area, be sure to ask them if they offer package rates that include Twisted History Tours and you can book directly through them.

Some groups we have escorted through the dark past of Port Townsend have been Boy Scout and Girl Scout troops, school field trips (we provide lesson plans to the teachers), theatre troupes, history museum volunteers, senior centers, college history departments and even other ghost tour companies!
